

## International Delegation Program

The CIOE welcomes industry and trade associations, media partners and travel agencies to organize group delegations to visit the China International Optoelectronics Expo (CIOE) and will offers value-added privileges to the delegation visitors and leaders.

### About China International Optoelectronic Exposition 2017

China International Optoelectronic Exposition (CIOE) is a worldwide renowned exhibition, which presents the most advanced optoelectronic technologies and innovations. Since its establishment in 1999, the CIOE has been successfully held for 18 years. With expansion year by year, CIOE has become not only the largest optoelectronic exposition in the world, but also been regarded as the most influential event in the industry and an indispensable access to China's optoelectronic market. CIOE is also an UFI approved event.

The 19th CIOE (CIOE 2017) will be held at Shenzhen Convention and Exhibition Center from 6-9 September. It covers a total of 110,000m<sup>2</sup> exhibition area and comprises six concurrent sub-expositions, focusing on optical communications, lasers technology and intelligent manufacturing, infrared applications, precision optics, lens and camera module, LED and semiconductor, sapphire technology & touch screen, and photonics innovation. More than 3, 200 optoelectronic brands are expected to participate with their cutting-edge technologies and products. The China International Optoelectronic Conference (CIOEC), a four-day technical conference, will be held alongside. Its topics cover a complete spectrum of optical communications, lasers, infrared applications, precision optics, sapphire technology, and investment and financing in photonics industry.

### Benefits for delegation visitors

- Pre-show visitor registration
- English guided tour at CIOE 2017
- Free access to VIP lounge onsite
- Free access to all new product and technology presentations at the show
